Bharat Biotech presents...

First Time in the World

Cesium Chloride & Mercury free Hepatitis B Vaccine

Revac-BTM mcf

Preservative free recombinant Hepatitis B Vaccine

Protection as pure as mother's love right from birth

Stringent manufacturing norms

- ❖ Manufactured at world-class cGMP standards
- ❖ High sterility - class 100 norms monitored by Laser Particulate Counters (LPC)

Backed by years of preservative free manufacturing expertise

- ❖ The only Indian biotech company to have exported 2 million doses of preservative free vaccines worldwide, especially to regulated markets

Globally, Thiomersal-free Hepatitis B vaccines are advocated for Birth dose

Unique preservative-free formulation ensures stress-free condition for vital organs of the neonates than the conventional vaccines^{4,5}

NO Chance!
Cesium chloride toxicity & Mercury toxicity affecting CNS, Kidneys.

The ideal choice as birth dose for neonates born to Hepatitis B positive mothers^{4,5}

Allows normal immunization for Low Birth Weight and Preterm Infants, which otherwise might be delayed^{2,3}

Bharat Biotech dedicates to neonates across the globe, a globally patented Hepatitis B vaccine
